15°C TO 25°C | 72-120 HOURS | 4-71 LITRE CAPACITY

AmbiTech®

AmbiTech® is our range of controlled room temperature systems which use the latest PCM technology and are designed to provide a superior level of temperature control for pharmaceuticals, even for shipments to the harshest of global climates.

- Fully qualified range of 15°C to 25°C shipping systems, tested to ISTA 7D and 7E temperature profiles
- Provides protection for 120+ hours offering you complete peace of mind
- 16 off the shelf systems ranging from 4-71 litres to suit a variety of product configurations
- All products have handles for ease of movement
- Uses AmbiSorb®, our custom inorganic salt PCM which is both economic and non-hazardous
- All year packing configuration simplifies pack out
- Systems provide excellent stability in extreme ambient conditions over extended durations
- Simple and quick assembly with minimal components saving you time and money

Chill	Ambi	Climi	Freeze

ABOUT US

Sonoco ThermoSafe® is the leading global provider of temperature assurance packaging for the safe and efficient transport of pharmaceuticals, biologics, vaccines and other temperature sensitive products. Our shipping solutions mitigate risk for our customers and ensure product efficacy throughout the extremes of a supply chain. Sonoco ThermoSafe has operations in North America, South America, Europe and Asia to assure close proximity to our customers. Our vast product offering features industry leading technology that encompasses refrigerated, frozen or controlled room temperature applications. In addition, Sonoco ThermoSafe's ISC Labs® delivers individualised design and testing services and innovative packaging solutions, along with qualification and validation services to meet all regulatory requirements.
