

Introducing EOS Recyclable Envelopes

A fully curbside recyclable alternative to poly mailers

- Recyclable at curbside and minimizes environmental impact
- Available in 4 sizes and multiple thicknesses
- Provides up to 24 hour 2°C to 8°C protection and up to 45 hour 2°C to 25°C protection
- Offers a high level of insulation and soft cushioning to help protect payload
- Easy to dispose of as the envelope can be placed into the recycle bin
- Fully tested and certified as repulpable and curbside recyclable to OCC-E standards

Part Number	Product Description	Insulation Thickness		Dims (l x w)	
		in	mm	in	mm
